LOUTSA, PREVEZA

HOTEL FACILITIES AND SERVICES

USEFUL INFO

to our Hotel! Me and my family are thrilled to have you with us for this summer and hopefully for any future summers! We will do our best to make you feel at home! This brochure is to make you familiar with some of our services, the area and some activities you could enjoy during your stay at Anemelia Hotel Apartments.

Anemelia Hotel is located close to Aktion Airport which is located at the suburbs of Preveza city. This airport is only approximately 40 km away from our premises. Moreover, Corfu International Airport is also convenient for our hotel even though you would need to take a ferry to get to Igoumenitsa. This ferry ride will last 2 hours but you will be able to enjoy the amazing blue waters of the Ionian Sea and the surroundings of Corfu island and Igoumenitsa. Igoumenitsa is 55 km from our hotel.

During your stay with us you could visit Paxos island as well as Antipaxos. Daily cruises are organized from Parga. The cruise departs at around 9 a.m and you will return to Parga around 6 p.m. This daily cruise will allow you to see amazing crystal, clear, blue-green waters of the Antipaxos island, amazing caves and the beautiful island of Paxos. The ticket varies from 15 -25 euro and can be issue on the spot (in Parga). We are more than willing to help you book your tickets so please feel free to ask and we will arrange your booking. We would also recommend you to visit Acheron river where you will be so amazed by the natural surroundings. Acheron river is one of the most famous rivers in ancient Greek mythology and is one of the five rivers of the Greek underworld. Needless to say is that you should definitely visit also Parga as well as Preveza to enjoy the local dishes and summer cocktails. Both cities give the visitor the feeling of an island with the narrow streets and small cafes and bars. Nightlife is also quite vivid in Parga where bars and clubs are open till the early morning hours. For those who love tradition, a visit to Necromanteion is a must as this was an ancient Greek temple of necromancy devoted to Hades and Persephone.

Antipaxos caves: you will visit those during your daily cruise

Island of Paxos: amazing harbor, perhaps one of the best I have personally seen.

Acheron river: I would definitely recommend a day to be spent at this amazing place. Please note that the waters are quite cold but once you get the first “taste” you will be able to walk along the river.

Preveza City: centre of Preveza. Enjoy local delicious fish and freshly cooked meat and enjoy the “island” like surroundings of my home town.

Parga: explore the castle and walk around the alleys.

Scuba diving is possible in Parga (less than half an hour by car from our premises). Water ski lessons, waters sports, restaurants, mini markets & souvenir shops are only within walking distance from ANEMELIA HOTEL APARTMENTS. Our beach bar is also there for you where you can enjoy from an early coffee to snacks, beers, ice cream and cocktails. Sunbeds and umbrellas are available at the beach in front of our hotel with no extra fee (only with your refreshment or coffee). *Exclusive use of the sunbeds and the umbrellas is not allowed and therefore when you are not on the beach reservation of the sunbeds with towels or other personal stuff is not allowed.
